MD. MARUF HASAN CHOWDHURY

Address: kuratoli, Kuril bisshoroad, Dhaka

Phone:01704712465 or 01829418224

Email: marufhasanchowdhury06@gmail.com

Portfolio: MARUF_PORTFOLIO

Career objective

Motivated Computer Science student aiming to become a skilled Software Engineer. Looking for opportunities to work in a dynamic environment where I can apply my coding skills and gain international exposure in the tech industry.

Education

Bachelor of Science in Computer Science & Engineering
American International University of Bangladesh-(AIUB), Dhaka
CGPA: 3.60 out of 4
11th Semester Running (out of 12th Semester)

Higher secondary Certificate (HSC)
Scholastica model college, Narsingdi
GPA: 4.58 out of 5
Year of completion:2021

Skills

Programming Languages: C++, Java, C#, python, Html, CSS, TailWindcss, JavaScript, php

Database: SQL, Microsoft SQL Server

Version Control: Git, GitHub

Data Structures & Algorithms: Linked List, Stack, Queue, Recursion, Graph, Dynamic Programming, Sorting & Searching Algorithms

Tools & IDEs: CodeBlocks, Microsoft Visual Studio, visual studio code, Notepad++, AutoCAD, Google colab, Cisco packet tracer

Operating Systems: Windows, Linux

Soft Skills: Teamwork, Problem-Solving, Communication

Server: XAMPP

Projects

Project Title- **Payoo –Digital Wallet Web Application –(GitHub link) (Live Link)**

- I have created a Digital Wallet Web App called Payoo using HTML, Tailwind CSS, DaisyUI and JavaScript.I have implemented Login, Add Money, Cashout and Transfer Money features using JavaScript DOM.

Project Title: **Pharmacy Management System- (GitHub Link)**

- Programming language- C# and Microsoft SQL Server.3type user-Admin, cashier, customer and after registration account cashier customer then waiting for admin approval. Admin can add users, add categories, add product, all transactions

Project Title: **Restaurant Management System- (GitHub Link)**

- Only Oracle SQL database base project

Project Title: **Affordable Car and Motor Bike Subscription- (GitHub Link)**

- Led the team using Agile (Scrum) to ensure smooth and timely project delivery. Developed a complete software documentation project following real-world SDLC practices.
- Managed team coordination, blocker resolution, and feature validation (e.g., GPS tracking, driver verification).

Project Title: **University management system- (GitHub Link)**

- Built a multi-user web application (Student, Teacher, Admin) for managing academic activities and user information — my part focused on the Student User module. Used HTML, CSS, PHP, JavaScript, and MySQL for full-stack web development.
- Implemented course registration, grade view, view course, borrow library book, submit assignment etc. and PHP validation with database connectivity.

Experience

Java Development Intern-(Works & offer letter)
Codveda Technologies (Remote) | 3 Dec 2025 – 3 Jan 2026

- Worked on Java OOP, file handling, CRUD systems, banking app, JDBC operations, Binary Search Tree (BST) implementation, and a multithreaded chat application.

Courses & Training

Complete Web Development Course

Programming Hero (Online Bootcamp)

Duration: 6 Months | Status: Ongoing (Started: December 31, 2025)

Technologies Covered: HTML, CSS, Tailwind CSS, JavaScript, React, Node.js, Express.js, MongoDB, Next.js, Firebase, git, GitHub

Extracurriculam activities and Achievement & Certificate

- I Got this certificate For Excellent Performance in the "SCIENCE POSTER CONTEST-FALL 2022-2023 AS A FRESHMAN "-(**Certificate)**
- I Got this Certificate for Excellent Performance in the "SCIENCE POSTER CONTEST- SPRING 2022-23"-(**Certificate)**
- I Got this Certificate for Completing the IT Essentials course as part of the Cisco Networking Academy® program-**(Certificate**)
